Dear Mark,

On behalf of the YMCA of Metropolitan Chicago, I want to thank you for selecting the Produce Day at the YMCA Community School Program at Libby Elementary School as your recent corporate service project. On the second Friday of each month, we partner with the Greater Chicago Food Depository to bring fresh produce and other nutritious food items to the Washington Park community, one of the Chicago area's "food deserts". Nicole York, YMCA Community School Resource Coordinator, was so grateful for the energy and the spirit of caring and compassion your volunteer team brought to the work of unloading the food items from the Food Depository truck, and then organizing and distributing everything to hundreds of disadvantaged seniors and families.

By engaging in a Produce Day service opportunity, you not only helped people physically by enabling them to access fresh produce and other fresh food items; you also connected them with the larger Chicago community, helping to alleviate the sense of isolation often felt by those who struggle financially.

Please convey our appreciation to all the Walker Wilcox Matousek employees who volunteered at the Produce Day with the YMCA Community School Program at Libby Elementary School. We look forward to future opportunities to work with you in ways that support and enhance our vital, community-based YMCA programs and services.

Sincerely,

A handwritten signature in cursive script that reads "Linda Dean".
